

College Relations Programs

Internship Program

A Viacom Internship allows college students to work in an innovative, progressive, fast-paced and professional environment. Students are exposed to all levels of the company, which has proven to be an invaluable experience to individuals interested in pursuing a career in the entertainment industry. Viacom is committed to diversifying our organization. Embracing differences is an integral part of our culture, and a key element of our success is creating and maintaining an inclusive environment.

Candidate Eligibility

- Viacom's Internships are paid at a standard competitive hourly rate (proper United States work authorization is required)
- Open to college juniors, seniors, master's level and law students. (Letter required from school confirming matriculated status)
- Internships are available during spring, summer and fall terms
- Minimum of 2 full days per week
- Minimum of 10 weeks (no weekends)
- College credit is not required, but we will provide appropriate documentation if necessary

To view a complete list of departments, visit our website. Application dates for resume submissions are rolling. See website for specific details.

Summer Associate Program

The Summer Associate Program is a competitive 10-week paid training program created to support Viacom's Diversity Initiative. We target highly motivated recent college graduates who are dedicated to pursuing media careers and have demonstrated experience with technology and digital media. The ultimate goal is to filter this high potential talent into full time positions across Viacom at the program's conclusion.

Program Highlights

Aside from a robust placement within one of our technology / digital teams, the program will offer Associates:

- Senior mentorship
- Executive speaker sessions
- Professional skills training workshops
- An opportunity to develop and present a group business proposal
- Competitive salary and housing for program duration

Applications for the Summer Associate Program will be available on our website between November and January.

Digital & Technology Departments May Include:

Digital Research
Interactive Design
Software Engineering
User Experience
Product Development
Project Management
Web Development

To apply for either program, please visit [viacomcareers.com](https://www.viacomcareers.com) & click on "Internships."
